Re: Review of Partial Bond Release, Lakeview Rock Products, Beck Street Quarry, M/035/0020, Salt Lake County, Utah

Dear Mr. Hughes:

On December 14, 2011, the Division of Oil, Gas and Mining received your request for a partial release of the reclamation surety being held for the Beck Street Quarry. Before the Division can continue processing this request, you will need to:

- 1) Include cost for breaking up foundations. While the foundations can be left in place, the Division wants the concrete broken up to allow moisture flow and root penetration.
- 2) Please use the R. S. Means costs for removal of the fuel tanks and include disposal costs (02 65 10.30)
- 3) Please include the cost to dispose of building debris.

The Division will continue processing the application, including a site visit, when this information has been received. Please contact Wayne Western at 801-538-5263 if you have questions or concerns regarding this letter.

Sincerely,

Paul B. Baker  
Minerals Program Manager
